## EXTRA HOUR ADDED TO SCHOOL SCHEDULE NEXT MONDAY

Attorney General in Letter to Superintendent Explains His Recent Opinion and Hour Will Be Added to School Day.

City Superintendent W. J. Caplinger has just received a communication from Attorney General Morris explaining in detail his recent opinion on the length of a school day in Kentucky. In the letter to Prof. Caplinger, the Attorney General makes it plain that all schools in Kentucky, under the state school laws, are required to have a minimum of six hours of actual work in a day and as the Maysville schools at present are only operating five hours a day, it becomes necessary to change the entire school schedule.

Under the present plan the schools have been opening at 8:30 a. m. and having a 30 minute noon, closing for the day at 2:10. Prof. Caplinger now announces that in extending the school day an hour longer the schedule will be as follows: School begins at 8:10 a. m. Noon from 12 to 12:40 and final adjournment for the day at 2:50 p. m. This schedule will go into effect on next Monday and will be the same in all grade schools as well as the High School.

As there is much work done by the students of the schools after school in the evening, the school authorities thought it best to divide the extra time between the two sessions than to add the extra hour to the afternoon session so that 20 minutes has been added to the morning session and 40 minutes added to the afternoon session thus making up the extra hour required under the opinion of the Attorney General.

It will be quite a while before the school teachers and students get their schedules arranged for this extra hour but by the addition of the hour a day much more work should be accomplished than in the past under the old system.

## LOCAL FIRE CHIEF NAMED ON IMPORTANT COMMITTEE

Mayor and Fire Chief Help Carry Their Point at Fire Chiefs Meeting in Louisville—Insurance Rate Increase Not Expected Soon.

Mayor Thomas M. Russell and Fire Chief Ruffell Newell are home from Louisville where they have been attending a conference of the Fire Chiefs of the state of Kentucky and Chief Newell was signally honored by the State Organization by being chosen a member of a very important committee which will endeavor to standardize all of the fire hose used in the entire state. This committee will begin work immediately and hope to have all of the fire hose used in Kentucky of a standard size in a very short time.

Both Mayor Russell and Chief Newell were especially interested in a movement on the part of fire insurance companies to increase the insurance rates in Kentucky cities. They were bitterly opposed to this movement and together with representatives from other cities fought against it. They were successful in that it is understood that the Fire Insurance Companies and state officials will not undertake a rate increase for some time to come.

The local officials report that the meeting was a very successful one in every respect and that one of the big men in the meeting was Deputy State Fire Marshal Edward Hite, former Chief of the local department, who is recognized in all parts of Kentucky as one of the best experts on fire prevention and fighting in the entire state.

## BAND MEMBERS TO RECEIVE PHOTOGRAPHS OF RUTH LAW

The Maysville Boys' Band will give their regular weekly concert in the city band stand in Market street this evening at 7:30 o'clock and will play for the first time in Maysville the big musical hit "Bubbles." The members of the band will tonight receive autograph photographs of Miss Ruth Law, the famed woman aviator, which she gave to Manager Russell for them at West Union Thursday. They will also receive a large box of candy presented to them by Colonel Sherman Edgington, prominent West Union merchant.

## FIRST CROCOD OF NEW POTATOES HERE

The M. C. Russell Company, local wholesale grocers, today received the first crocod of new Wisconsin potatoes to arrive in Maysville. These "spuds" are being distributed to local retailers today.

## MAYSVILLIANS GIVEN GREAT RECEPTION AT WEST UNION FAIR

Boys' Band Highly Complimented By Ruth Law Who Says Its the Best Boys' Band She Ever Heard.

There was an enormous crowd at the West Union Fair yesterday to cheer our Boys' Band. Over 9000 people attended and their attention was divided between Ruth Law, the famous aviator, and our boys. Miss Law was very enthusiastic about the youngsters, and listened as attentively as any one in the crowd during the evening concert. Not only did she walk over from the hotel to the Courthouse lawn and shake hands with the members, and then presented through Manager Russell an autograph photo to each one of them, from the smallest to the tallest, not forgetting "Hooster Barbour" and Dr. Smoot. Miss Law, who is an extremely attractive young lady, very quiet and modest in demeanor, said that in case Manager Russell ever wanted a letter of recommendation a note to the Stratford Hotel, Chicago, would bring the strongest one she knew how to write.

The management of the fair were more than pleased. They supplied the party from Maysville with a delicious chicken dinner, and urged that the band return today. They also asked that they be booked for a three day engagement next year, as they considered the service rendered the best they had ever had. Manager Russell was told to send in his bill and to name his own price for this year, and that next year they would be glad to raise the ante. It is no exaggeration to say that the band gave the best evening concert they ever played in West Union. Everything went along without a hitch, and they played almost constantly for an hour to a delighted audience which gathered on and around the Court House at seven o'clock.

The Maysvillians who accompanied them were kept busy receiving congratulations from admiring Buckeyes, and as one man said to the writer, "Such a band is not only a boost for a town, it is a blessing."

It is unfortunate that more of Maysville's business men do not accompany the band on its trips. They would be astonished as well as pleased at the splendid impression which their band makes. They would also be very gratified at the wide-spread advertising which Maysville is getting through her band. And nothing makes more impression on the men in the city visited than a good bunch of boosters who know that they have a good thing and are willing to tell other people about it. The faithful few are about worn out talking—but are more than repaid when they hear what is said about the Boys' Band in the country.

## SCHOOL TRANSPORTATION IS BEING HANDLED WELL

The transportation of school children to County Consolidated High Schools is being handled more successfully this year than ever before, according to reports reaching the office of County Superintendent Turnipseed. There are more automobiles being used this year than ever before and the automobiles are proving much more successful than the horses and wagons. This transportation problem has always been one of the biggest for the Consolidated schools.

## NEW PASTOR EXPECTED SUNDAY

The new pastor of the First M. E. Church, South, is expected to arrive in Maysville in time to have charge of the services at the local church Sunday morning and evening. His membership is expected to meet him in large numbers at the first services to extend him a hearty welcome to Maysville.

Mrs. William O. Davis and son, Walter Thomas, Miss Frieda Nauman and Mr. Ernest Nauman returned this morning from Ocean View, Va., where they have been for some time.

## WAR ROMANCE HAS CLIMAX AT SPRINGDALE

Ohio Couple Wed at Home of Officer Censor of Love Letters When the Groom Was in Europe.

There is a romance connected with the marriage which took place near Springdale, Ky., on Saturday noon that is interesting. Dr. Charles L. Graham at whose country home the wedding ceremony was performed, was in the medical corps of the American Army stationed at Chantillon-s-Seine, France. William E. Kramer, the groom, was a sergeant in this same medical department.

On the fifteenth of August, 1918, those men met and became close friends. It so happened that it was the duty of Lieut. Graham to censor the letters written. In this way he became interested in the attachment which Sergeant Kramer had for a young Miss Thebels Mae Gerber, of Cleveland, Ohio, and therefore secured the promise of the young sergeant that if this love affair culminated in marriage, the young couple should come to his home in Mason county to have the ceremony performed.

## CHIROPRACTIC TO BE EXPLAINED IN LEDGER

We call the special attention of our readers to a series of Chiropactic Talks to appear regularly in the Public Ledger. The first of these talks appears in today's issue. Dr. Lambert, local Chiropactor, will explain in these talks something of the science which he is practicing and which is accomplishing much and winning many staunch friends in Maysville and community.

## WORLD SERIES PRICES

The National Baseball Commission has announced World Series baseball game prices as follows:

Remainder of Upper Stand ..... \$3  
New Bleachers ..... \$3  
Right and Left Field Pavillion ..... \$2  
Rightfield Bleachers ..... \$1  
No free tickets will be issued.

## BIG LAND SALE SATURDAY

We again call the attention of our readers to the big land sale in the Mt. Gleason neighborhood as advertised elsewhere in this issue by Mr. Thos. A. Keith, executor of the estate of Miss Morehead. This land is some of the most valuable in the county and it is expected that there will be many at the sale.

## ALL DAY BASEBALL AT SARDIS

Saturday will be a big day in the Sardis neighborhood for baseball. There will be one game in the morning and two in the afternoon and it is expected that there will be a great crowd of fans from all over Mason and adjoining counties present to see the games.

## WARMER SATURDAY

The temperature, Forecaster Devereaux today said, would remain cool Friday but would rise Saturday. A hurricane over Key West, Fla., reported moving northward, had nothing to do with the cool spell here he says.

## MRS. TUCKER'S FUNERAL SUNDAY MORNING

The funeral of Mrs. C. A. Tucker, who died at her home near Orangeburg Thursday morning will be held at 10 o'clock Sunday morning from the late home with services by Rev. R. H. Toile, of Gradiana.

## TWO LICK PASTOR EXTENDED CALL TO BAPTIST CHURCH

Membership of First Baptist Church Asks Rev. J. A. Davis to Become Pastor of Local Church—Regarded as One of the Most Successful Pastors in the South.

At the regular monthly business meeting of the First Baptist church held following the regular weekly prayer service on Thursday evening, the membership of the church extended a call to Rev. J. A. Davis, of Germantown, pastor of the Two Lick Baptist church, to become pastor of the local church. The Pulpit Committee of the church will advise Rev. Davis of the call and the membership will anxiously await his answer.

Rev. Davis is recognized as being one of the most successful pastors in the South, having made a great reputation for himself and his church during his six year pastorate at Two Lick. This church is known more extensively throughout the bounds of the Southern Baptist Convention, than any other church in the Bracken Association because of its successful financial plan which Rev. Davis instituted and carried through to a great success.

Mr. Davis was educated at William Jewell College, Tennessee, and the Southern Baptist Theological Seminary, Louisville. He is a native of Tennessee and for a number of years was pastor of one of the Baptist churches in Knoxville and has served a number of other churches in East Tennessee. He is a comparatively young man and his wife, who is a graduate of the Woman's Missionary Union Training School, Louisville, is one of the best church workers in the state of Kentucky.

The members of the local church are very anxious that Rev. Davis become their pastor and are hoping for a favorable reply from him.

## CONCERT BIG SUCCESS

The high class musical concert given at the old Library building Thursday evening by Miss Elizabeth Barbour and Mr. Robert Lee Straus was a decided success. There were many in attendance and the program was beautifully rendered. Both Miss Barbour and Mr. Straus are high class artists of much more than ordinary ability.

## ORDER NOW RESTORED IN THE CITY OF BOSTON

State Troops in Complete Control of Rioting Situation in Eastern City.

Boston, September 12.—Boston was orderly today, the third day since the police strike began. The 7000 troops patrolling the city apparently had the situation in hand.

There was no rioting during the night. In Jamaica Plains Henry Grots, 18, was shot and killed by soldiers in a raid on a dice game.

Whether a general strike of labor will be called in sympathy with the striking police was uncertain today. Delegates of trades unions voted on the strike question last night, but the result was not made public.

Labor delegates to the meeting last night blamed officialdom for the police strike, several men now in charge of the situation being singled out for criticism.

Following a conference with Mayor Peters yesterday, in which he made it plain that striking police may expect no compromise as far as he is concerned, the Executive Committee of the Central Labor Union was expected to call upon Governor Calvin Coolidge today.

The governor is in full control of the situation, in his capacity as commander-in-chief of the state militia.

## LOCAL PASTOR PLEASED AT RED ROLLING SPRINGS

Rev. Father P. M. Jones, pastor of St. Patrick's church who has just returned from Red Rolling Springs, Tenn., where he has spent several days, is loud in his praise of that resort and the water. Father Jones says he has not felt better in years and that the water is solely responsible for his feeling so well at this time. He praises Proprietor B. W. Chitwood for the splendid service rendered all visitors at the Springs and says this service cannot be surpassed anywhere.

## FLYER AIRPLANE

Returning to Maysville Thursday from Louisville Mayor Russell and Chief Newell, of the Fire Department, stopped for a time in Lexington where they saw for the first time a "Flyer" airplane being used there by a Navy recruiting crew. The machine was so small that it could land in the streets.

## NEW CONSTABLE AT MINERVA

In the Mason County Court today Mr. L. R. Thompson was appointed constable in the Minerva neighborhood and he qualified as such with C. L. Mains as surety on bond.

## GEN. PERSHING GIVEN WELCOME BY OFFICIALS

World War Hero To Be Given Official Welcome This Afternoon at Capital by Vice President.

Washington, September 12.—Gen. Pershing will arrive in Washington late today—the anniversary of the beginning of the great St. Mihiel drive, America's first big effort in the war. Vice President Marshall, acting for President Wilson; Secretary Baker, members of the general staff, the Congressional committee of welcome and many Government officials will greet the commander. As the train pulls in a battery of the First division will fire a salute of seventeen guns. All whistles and bells in the city will be sounded in welcome.

In Philadelphia, State and city officials, Distinguished Service men, convalescent wounded soldiers, war veterans, hundreds of thousands of citizens and thousands of school children, who strewed flowers in his pathway, united in paying homage to the general. The city presented him a beautiful gold medal girded with diamonds, with a miniature reproduction of the Liberty Bell in the center. After a parade, the general planted a tree at Independence Hall.

## MAYSLEICK TO ORGANIZE COMMUNITY CLUB

County Agent George Kirk will go to Mayslick Saturday evening when he will assist in the organization of a Community Club there and will explain the workings of the Mason County Farm Bureau. Mayslick is one of the liveliest communities in Mason county and it is known that they will have a very live Community Club from the very start.

The case of Holtz vs. Bartlett involving the rent on the Central Garage property in lower Market street took up the time of the Mason Circuit Court all day today. Court meets again on Tuesday of next week to take up the trial of other jury cases scheduled for this term.

The interior of the Slack & Seeley barber shop in the Central Hotel building is receiving a thorough fall cleaning.

## Plant Seed the Right Way

Wheat has been grown since the early days of Egypt. There has been a great improvement, however, in the method of seeding—and the grain drill today takes its place alongside the reaper and binder in making possible the economical and efficient handling of a crop.

Wouldn't you use a drill if you knew that every seed were deposited in a packed seed-bed, right at the very bottom of the furrow? Then, the soil is released, covering the seed perfectly at a uniform depth below the surface, making it impossible for seed to be picked up birds or blown away by wind? Of course anybody would.

Yours, to prove that the wheat drills we sell does this very thing.

## ANOTHER 14 POINTS

- Here are 14 Points against the ratification of the Peace treaty:
1. The Shantung provision is international piracy, bringing dishonor to any nation party to it.
  2. Great Britain is given six votes to America's one, without justification in reason.
  3. By entering the League America would abandon her traditional policy of non-interference in European affairs.
  4. The Monroe Doctrine would be subject to interpretation by the League Council, as asserted by British officials without contradiction.
  5. The United States would be bound to maintain armies in Europe to regulate purely European affairs.
  6. Our constitutional provision that Congress shall have power to raise armies would be violated.
  7. Domestic questions, such as immigration, tariff, and coast-wise trade, will come within the jurisdiction of the League if the foreign council so decides.
  8. Insignificant nations, like Liberia, Hedjaz, etc., would have voting power in the assembly equal with the United States.
  9. The United States would be bound to preserve the territorial integrity and political independence of every member of the league, many of them monarchies.
  10. By bringing the charge that it involves a threat of war, any nation could require the United States to submit any question to the League for decision.
  11. Article 23 requiring free transit and equitable treatment of commerce could be construed to forbid protective tariffs.
  12. America, industrially and financially strong, would become the burden-bearer of the world.
  13. The league covenant obligates the United States to give full and frank information concerning industries adaptable to warlike purposes, thus putting American industry at a disadvantage, since most important industries are of such character.
  14. America has nothing to gain and much to lose by entering the league.

Senator Gore wants the Supreme Being mentioned somewhere in the peace treaty. Has the Senator looked over the signatures attached to the document?

## HOW A YOUNG GIRL SUFFERED

And Was Restored to Health By  
Lydia E. Pinkham's Vegetable Compound—Told By Her Mother.

Brooklyn, N. Y.—"I cannot praise Lydia E. Pinkham's Vegetable Compound enough for what it has done for my daughter. She was 15 years of age, very sickly and pale and she had to stay home from school most of the time. She suffered agonies from backache and dizziness and was without appetite. For three months she was under the doctor's care and got no better, always complaining about her back and side aching so I didn't know what to do. I read in the papers about your wonderful medicine so I made up my mind to try it. She has taken five bottles of Lydia E. Pinkham's Vegetable Compound and doesn't complain any more with her back and side aching. She has gained weight and feels much better. I recommend Lydia E. Pinkham's Vegetable Compound to all mothers and daughters."—Mrs. M. F. MOORE, 616 Marcy Ave., Brooklyn, N. Y.

## CHIROPRACTIC TALKS No. 1

## Concerning Health

Health is one of the priceless blessings a bounteous Nature has bestowed on us. Without it life is a torment of sorrow, pain and worry; inefficiency, failure and poverty are the result and life becomes a mockery.

"How can I get well?"—"How can I keep well?" The questions are universal. Rich and poor alike have often voiced them. Therefore, this series of talks, of which this is one, will be read with interest by every one, the well and the sick. It will tell of the science of **Chiropractic**, which has pointed the way to Health to thousands, many of whom had sought in vain for relief through medicine and surgery.

Chiropractic (Ki-Ro-Prak-Tie) is drugless. By a method of scientifically correct adjustments by hand, the cause of disease is removed and Nature is enabled to restore diseased conditions to normal and health results.

## CHIROPRACTIC

The Better Way to Health

is the logical health method of the times. If you are ailing isn't health worth a few moments of your time spent to investigate this science? Information gladly given personally, or send your name in and descriptive literature will be sent. Watch for other announcements in this series.

## ARMY SUPPLIES TO BE SOLD IN BIG RETAIL STORES

Stores Will Be Established Over the Nation For the Sale of Surplus Quartermaster's Supplies.

The primary object of these stores is to place before the public, at the least price possible, the surplus of the Army. In order to reach the greatest number of people, the United States has been divided into several districts, according to the population. For the sake of convenience these districts will be termed Retail Districts. At least one store will be established in each Retail District, under the immediate supervision of the Zone Surplus Property Officer, in whose military zone the store is located.

These stores will be prepared to conduct a retail, cash, counter business, and organize a mail order department, operated as part of and by the store, and not by the Postal Department. The Postal Department will be requested to establish in each store a branch Parcel Post Office, for convenience in making shipments.

An initial allotment of stock will be made to each store from Washington.

This allotment is made for the benefit of the entire Retail District, and not solely for the individual city in which the store is located.

In many instances the initial stock will include the entire available quantity of the surplus of certain articles which when exhausted will be no longer valuable. Under no circumstances will orders be received for quantities in excess of allotment, or actual stock on hand, with the prospect of future replenishment. Orders received by mail for supplies not on hand, or for which stock is exhausted, will be immediately returned to the sender, with the advice that same is exhausted.

As the idea and object of this sale is to reach the individual, no order for large quantities of any article will be received, except for Boy Scouts and in special cases, municipal activities. No sales will be made to hotels, and similar institutions. At present no groceries will be included in these articles.

The exact location of the various stores that will be established in this district, and detail plans as to the method and manner of distribution, have not been worked out, nor has a

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages and that is cataracts. Cataracts being greatly influenced by constitutional conditions require constitutional treatment. Hall's Cataract Medicine is taken internally and acts thru the blood on the Mucous Surfaces of the System thereby destroying the foundation of the disease, giving the patient strength by building up the circulation and assisting nature in doing its work. The proprietors have so much faith in the curative power of Hall's Cataract Medicine that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address F. ## Preserve Part of Your Pay

These days, "Friend wife" is busy preserving fruits and vegetables for winter use. She is providing for the time when they will not be so plentiful.

There is a good lesson in that for you, Mr. Man. Are you providing now for the time when your earning capacity will be limited by your age? Will sickness or accident bring worry and debt? Will your children get the education they are entitled to? Will you have a home of your own in later years? The thrifty man can answer these questions favorably, for he has a saving account at the Bank. Start today to "preserve" part of your wages each week, as a bulwark against that inevitable "rainy day." Small accounts are just as welcome at our Bank as the large ones.

## THE GARDEN LADY'S STORIES

(Written for the United States School Garden Army, Department of the Interior.)

Jack the Dreamer and the Miraculous Beans.

By ETHEL ALLEN MURPHY.

### PART II.

Then Jack blinked again, but the rainbow didn't break. It spread and spread, like living ripples in a flag, and there, through the center of the rainbow flag, came a figure in rainbow garments, red and white for trousers, sky blue for the long coat. The figure came waveling and flickering at first, and seemed gradually to gather its colors together out of the rainbow into the right places. At all, there appeared a lean, answery face with laughing eyes, a ruddy skin, white flowing hair, and white pointed beard. The Jolly Stranger had something like a flute in his hands or a whistle newly cut from a willow spray. He began to play on his whistle the most fascinating song, as if a bird were trying to sing "Ynnkee Doodle" in a real bird way. He had a sort of knapsack swung under one arm. From this he took out a package, with a gay, green picture on it. An soldier of the United States School Garden Army would have recognized the wonderful figure as being the same as that of the Pied Piper of the poster.

"Give me your cow," he said, taking his whistle from his mouth, "and I will make your fortune. Take these beans home, plant them. See what happens."

Jack heitated. "Sell old Cuddy Cow for a few beans?"

"They are magic beans," said the Stranger. I would give them to you, but the magic won't work so well. They will make your fortune. Never fear."

Jack untied old Cuddy Cow and gave her to the stranger. Suddenly Stranger and Cow wavered, flickered, began to go back to rainbow mist. Old Cuddy Cow mooed. Was it a reproachful moo?

Jack melted a sudden regret. "Come back," he called. But Cow, Piper, and rainbow wavered, danced, flickered, and the last Jack saw of Cuddy was galloping through the air pursuing a dissolving rainbow straight toward the round rose-golden full moon that looked over the eastern horizon.

Strange! Here he was at home trying to tell Mother Needy all about it, and finding his own story very foolish before her rage and grief.

Here he was in the garden at home, frantically preparing the grounds for his magic beans, just as the directions on the package said.

"Beans thrive best in a rather warm, sandy loam soil. They can not stand much cold and should not be planted until all danger of frost is past. When the soil becomes warm it is time to plant the first crop; this should be followed by other plantings every 10 days or 2 weeks."

"Prepare the soil as soon as it is warm enough. Break up all clods and smooth the surface. It is of necessary to fertilize heavily, as the bean is a nitrogen-gathering crop and runs to foliage if too much fertilizer is in the soil."

"Bush beans should be planted 3 or 4 inches apart in rows about 2 feet apart. Lima beans are planted in hills, from 8 to 10 seeds to each hill. After the plants come up, they are thinned out to 3 or 4 to the hill."

"The hills should be from 4 to 5 feet apart. One pint of seed of most varieties of beans is sufficient for a 100-foot row. Bean seeds ought not to be covered with more than 2 inches of soil under any circumstances. If the soil is wet, about 1½ inches will be sufficient."

### SPECIAL INVITATIONS TO SOUTHERN MEN

Southland's Business Men Are Given Special Invitation to Attend Meeting of Associated Advertising Clubs.

New York, September 12. — Announcement was made at the headquarters offices of the Associated Advertising Clubs of the World, in this city, today, that special invitations were to be issued immediately to business men of the South, through commercial secretaries of the various communities, asking business leaders to attend the annual world convention of advertising, to be held in New Orleans, September 21 to 25.

"The South," said P. S. Florence, executive manager of the advertising association, "should take full advantage of this convention, for it is being held in the South for the specific purpose of giving Southern business men opportunity to attend, and thereby improve their advertising and selling methods."

By holding our meetings in various sections of the country from year to year, we are able to bring them within the reach of every enterprising business man who realizes the great importance of his advertising."

Business men of the South will be admitted to the New Orleans convention without regard to holding membership in the advertising association. Florence said, for the advertising organization is an educational institution.

While New Orleans is planning entertainment features that will long be remembered, the convention will first of all be a business meeting, designed to give the business men brass-tack ideas and information upon how to sell his merchandise to better advantage both to himself and to the public. Better service must be the foundation for increased sales—better service, backed by better advertising. That is the belief of the advertising association.

**STEEL UNION'S CALL STRIKE**

Washington, September 11.—Officers of the organized workers in the steel industry have called a strike for September 22, to compel recognition of their unions by the United States Steel corporation. The action was taken despite President Wilson's telegram to Samuel Gompers, president of the American Federation of Labor, urging the steel men to postpone their threatened strike until after the forthcoming industrial conference in Washington.

## GENERAL WOOD MAY RE-SIGN TO ENTER POLITICS

Although He Refuses to Discuss Rumor, Major-General Wood May Leave Army to Enter National Politics.

New York, September 12.—Major General Leonard Wood refused today to discuss persistent reports that he would resign his army office within a few days to become an active candidate for the Republican Presidential nomination. The report was first spread by politicians who talked to General Wood when he reached New York yesterday.

Gen. Wood feels, they said, that it would be almost disloyal for him to remain in the army and at the same time strive to succeed President Wilson, his commander-in-chief. A committee is reported being organized by National Committeeman John T. King of Connecticut to push his candidacy and some of Col. Roosevelt's former lieutenants are investigating the possibilities of Wood's success throughout the country.

These emissaries, it is said, have reported that Governor Lowden of Illinois, who is also mentioned as a candidate, is willing to accept the vice-presidency should Wood be nominated. Governor Goodrich, of Indiana, a close friend of Chairman Hays of the Republican National Committee, is similarly disposed, it is reported.

## JOHNSON BLAMES PRESIDENT FOR HIGH COST OF LIVING

Senator Denies That Senate Delays Are Evil and Attacks Scrapping of Federal Organizations.

Indianapolis, Ind., September 12.—Senator Hiram W. Johnson, of California, continuing his speech making campaign in the middle-west in opposition to the ratification of the league of nations covenant, in an address here last night declared that if responsibility for the high cost of living rested upon any agency or man, it rests upon the present national administration and Woodrow Wilson.

"President Wilson adds to his fear-some harsh names, appeals to our material interests, and even taxes the two months that the league and treaty have been before the American people and Senate with the high cost of living," said Senator Johnson. "He conveniently forgets the eight months spent abroad, secretly pledging our resources and our man power to Europe and Asiatic governments. The two months of discussion by our people and our Senate in the open, of what he discussed secretly for eight months, of course, has no bearing, and the reasonable discussion in the future cannot possibly affect the high cost of living."

"If any single individual can be charged with responsibility for the high cost of living that man is Woodrow Wilson. The living costs in December and January last were substantially what they are today. Mr. Wilson then had exactly the same laws he now invokes. He had neither time nor inclination to deal with a problem then principally as acute as it is now. He never even touched the subject, except patronizingly and as an ephemeral ill of no consequence or importance. He makes his solution depend upon up on the immediate ratification of his treaty. He would frighten us by a cheap and spacious statement, devoid of economic logic, and wanting in any sound reason. He covers his own dereliction by an unfounded counter charge. Remember his address to Congress, December 2, last:

"The moment we knew the armistice to have been signed, we took the harness off. It is surprising how fast the process of return to a peace footing has moved in the three weeks since the fighting stopped."

"At that time we had a competent federal food administration, completely organized throughout the nation. Mr. Wilson deliberately scrapped this vast organization, which might have removed a part, at least, of the causes of high prices. Now months after he has dismissed the federal and the state agencies he is calling them together again to deal with the question. The ratification of the treaty may increase exports; but increase in exports will not reduce prices at home. Inferentially," he concluded, "Wilson concedes the wickedness of those secret treaties, but he was neither hampered nor embarrassed to such a degree as to cause him to stand manfully and courageously for his oft-expressed principles. Not only did he abandon his principles and abjectly surrender his idealism but he became a part of the secret treaties he denounces when he united in making them the basis of action at Paris."

### WARRANTS FOR \$604,787.57 TO PAY TEACHERS ISSUED

Frankfort, Ky., September 12.—Interest bearing warrants totalling \$604,787.57 were mailed today to county and city school superintendents of Public Instruction with which to pay the first installment of public money due the teachers of this state. The warrants for the county school teachers totalling \$546,744.50 and the city school teachers \$118,043.01. This installment is the first that has been paid so early in the season for many years.

### EVIDENCE HEARD ON SUIT TO RECEIVE \$60,000 BACK TAX FROM CHESAPEAKE & OHIO

Frankfort, Ky., September 12.—Circuit Judge Stout yesterday heard the evidence in the suit of the Commonwealth against the Chesapeake & Ohio Railroad to recover back tax of \$10,000 a year for the years 1907 to 1912 inclusive. Dr. Ben L. Bruner, Secretary of State and Frank P. James, State Auditor from 1908 to 1913, were among the witnesses. The suit is based on alleged omitted property in making the assessments.

### TRINITY MAN PAYS FINE AT PARIS

The Paris correspondent in the Lexington Herald, says: Mayor E. B. January has received a check for \$7.50 from Darius Werlin, Trinity, Ky., who violated the speed laws a few days ago and was caught by a traffic motor policeman.

Mayor January notified Werlin he was wanted, which brought forth a letter of apology accompanied by the check for the minimum fine.

## PITCHER IS TRADED FOR BASEBALL BAT

Bill Fisher, Outfielder With Joe Tinker's Columbus Team, Tells How He Lost His Pet Bat—Broken on First Ball Pitched.

Roger Bresnahan and Jos Cantillon once figured in a deal which involved a bird dog and a ball player, but here's how Bill Fisher, now an outfielder with Columbus, says he lost a good bat in his Ohio State days:

"I was playing with the Charleston team and hitting the ball hard. I had just gotten a new bat—a Miller Huggins model—and I swore by it," says Fisher.

"I looked upon that bat as the one and only magic wand. Well, sir, Josh Devore, manager of the Chillicothe team, had the world's most erratic southpaw in captivity. That fellow was so wild it wasn't safe to be in the same park with him. John came over to our dugout one day and said, casual like to our chief: 'What'll you give me for that sterling left-hander over there?'"

"Taken unawares, the chief says: 'Oh, I'll give a bat,' and 'Done!' says Josh before the chief could realize what had happened. 'You'll give me the pick of the bats, won't you?' asked Josh, and of course the chief says he would, and I'm a dirty hound if he didn't go and pick my bat.

"Of course the club had paid for the bat and I couldn't say much, but I thought enough to put me in the penitentiary, but before the game was three innings old I had a great joy. The first time Harry Devore, Josh's brother, came up he had my bat, and would you believe it, he broke it right half in two on the first ball pitched. But at that we got stung on the deal. That southpaw's head was just a parking place for his hat."

### COLORED DOMESTIC SCIENCE DEPARTMENT

The purpose of the Domestic Science department of the Maysville Colored High School is to teach the girls to serve, work or function properly in the homes, either in their own homes or in the homes of others—putting special emphasis on the art of cooking. It is for the accomplishment of this purpose in theory and in practice that the public allows itself to be so willingly taxed. Good cooking, a profession, an art, a science.

Good cooking is as much a profession as is teaching, preaching, medicine, law, the arts and the trades. One has to learn by degrees to become a good cook. It is a necessary profession for our well being. Good cooking is an aid to all the other professions. Good cooking makes good digestion—good digestion makes good citizens—and the aim of the teacher, preacher, doctor and lawyer is good citizenship.

To be called a cook, especially a good cook is something to be extremely proud of and nothing to be ashamed of, as some of us are. Cooking is honorable—some of our very best people follow it for a living. To be called a good cook is a popular thing and more of our girls should be learning the art of good cooking.

Maysville has some of the best colored cooks in the state, many of whom never saw inside of a domestic science school—yet they are the very best. I have been cooking in some of this city's best homes since a mere girl, and I have never been ashamed of being called a good cook nor that I followed cooking for a living. I am simply a cook now. I hope a good one—call me a chef, domestic science teacher or some other name.

The thing to be ashamed of is not being called a cook—but not being called a good cook.

In next Friday's issue we shall discuss the things that make a "Good Cook and the Wages of Cooks."

ALLIE YOUNG, Teacher.

## WIFE GETS DIVORCE AND HER CHERISHED FAMILY NAME

Court Gives Back to Woman Her Family Name of Which She Was Proud Because It Was on Many-Flower Record.

In the Mason Circuit Court this afternoon Judge C. D. Newell awarded a divorce to Mary H. Burris from her husband, Arthur Burris. In her petition she had charged her husband with cruel and inhuman treatment and a settled aversion toward her which destroyed her peace.

In addition to granting the wife an absolute divorce, Judge Newell also restored her to her maiden name, Mary H. Sapp, of which she was quite proud and for which she especially prayed in her petition. In the petition the wife asked for restoration to her paternal ancestral maiden name as shown by the records of the Mayflower and she seemed quite proud of the fact that her ancestors were passengers on the first boat bringing settlers to the American continent.

Judge Newell has quite a large docket of divorce actions before him, for this term of court and will be required to read many hundred pages of depositions in going into the cases for decision.

Councilman William Watkins is at home after a short vacation spent in Indiana.

Buy in Maysville. It pays.
